## SHOTS RECORD RETRIEVER

## Get Your Child's Florida Certification of Immunization<sup>1</sup> (DH Form 680)

### Important:

The DH Form 680 will be sent to your computer in .pdf file format. You must have Adobe® Reader® installed on your computer before you will be able to see and print the DH Form 680. **If you don't have Adobe® Reader® installed on your computer, please click on the "Get Adobe® Reader®" link below and follow the installation instructions on adobe.com's site.**

- Step 1:** Ask your health care provider for the State IMM Id and Certification PIN of your child's DH Form 680. This may already have been given to you by your provider on a piece of paper titled: "CONFIDENTIAL GET DH 680 FORM INFORMATION".
- Step 2:** Install Adobe® Reader® on your computer if it is not already installed.
- Step 3:** Enter the State IMM Id and Certification PIN given to you by your health care provider into the fields to the right.
- Step 4:** Click the "Retrieve Form" button.
- Step 5:** When your DH Form 680 is located it will be sent to your computer as a .pdf file. Your computer will give you the choice to save the file to your hard drive or to view it. When viewing the .pdf file using Adobe® Reader® you can print the DH Form 680 using your printer.

### What are .pdf files?

A file extension of ".pdf" indicates that the file is in Portable Document Format. This format, developed by Adobe Systems, Inc., is commonly used to make documents and maps available online because it allows for the original document formatting to be maintained for both viewing and printing.

### How to view .pdf files?

Viewing or downloading .pdf files requires that the Adobe® Reader® program is installed on your computer. The Adobe® Reader® program is free, and may be downloaded by going to the following site: <http://www.adobe.com/products/acrobat/readstep2.html>

<sup>1</sup> Only available if issued by your doctor.
